> HIGGO AN OPEN PORT?-Our vernacular contemporaries report that a movement is in progress to secure the opening of the port of Hiogo as a treaty port. It appears that several leading men of Hiogo have advocated the opening of the harbour of Hiogo for a considerable time, but until a short while ago, the movement languished. Now, however, renewed attention is being directed to the matter, and a petition is to be presented to the Government shortly. Two: Commissioners, Mesers, Okada Mototaro, Vice President of the Koba Chamber of Commerce; and Mr Takenouchi Tsunezo, of the Mitsul Bussan Kaisha, have been chosen to proceed to Tokyo upon this special business. We believe those geritleman left for the north last week. It was of first hoped to secure the approval of the Government to the establishment of a Foreign Settlement at Hiogo, but it was eventually recognised that this would probubly defeat their purpose. Doubtless likely to countenance the construction of other exclusively Foreign Settlements. The object, then, at present is to obtain permission, as we understand the matter for the inclusion of the bay of Hicgo with that of Kobe as the Treaty port of Hiege (Koba). It remains to be seen what will come of the petition. In the meantime, the fact of a petition of such a nature having been presented, deserves noting, as evidence of the puscilcited recognition by a body of Japanese merchants and others of the advantages accraing from foreign trade. - Kobe Herold.

THE EMPREOR WILLIAM'S CONDITION.

Paris, April 2.—It is learned on most indisputable and almost official authority that during the acjourn of Emperor William at the Chateau Hubertus an operation was performed on his ear by Professor Remarch. An incision was made in the tympanom of his right car, and a small silver tube was then inserted in such s manner as to make the matter run more freely. The operation was a thorough Poinet, showing that the plans of Malta success, the Emperor being freed from pain and becoming stronger as soons as it was over. An operation of the same kind, but without a deep incision, had siready ton his trip to Norway, and explains why he kept himself secluded on board the vessel for right days.
